

# WE ARE STRONGER TOGETHER

FOR YOUTH DEVELOPMENT®  
FOR HEALTHY LIVING  
FOR SOCIAL RESPONSIBILITY

## Welcome Back, YMCA Volunteers!

Because the health and well-being of our YMCA community remains our top priority, we are doing everything possible to maintain a safe and healthy workplace. In addition to making modifications to our policies and programs to facilitate new safety and social distancing guidelines, we are also implementing a number of health and safety precautions for volunteers.

### WHAT WE ARE DOING TO KEEP YOU SAFE

All volunteers will be required to take their temperatures and complete daily health screenings.

We will be encouraging volunteers, staff, and members to practice social distancing at all times by installing face shields and informational signage.

All volunteers will be provided with personal protective equipment.

We have installed additional hand sanitizers throughout our YMCA facilities.

We have implemented heightened cleaning practices using EPA-approved disinfectants to ensure our facilities meet the highest standards for hygiene and safety.

Following guidelines from the Centers for Disease Control and Prevention (CDC) and the state of Illinois, we will be limiting member and program capacity.

We will continue to follow guidance from local, state, and federal health officials to ensure we are providing our volunteers with a safe and welcoming working environment. If you have any concerns or questions, please speak to your supervisor.

Thank you for being an important member of our YMCA family.
