FOR YOUTH DEVELOPMENT
Nurturing the potential of every child and teen.

STRONG SWIMMERS
CONFIDENT KIDS

In Y classes, not only are you taught how to swim in a caring way, but you also learn about yourself, about safety and rescue skills and about water activities you can enjoy for a lifetime.

THERE’S AN AQUATICS PROGRAM FOR EVERYONE.

GENERAL POOL RULES

OPEN SWIM: All members may participate in activities in the pool during open swim. All children (under 16) will be swim tested. Children (under 10) must be accompanied by an adult on the pool deck. Children who do not pass the Yellow or Blue swim test, must also be accompanied by an adult in the water.

LAP SWIM: There is always one lane available for lap swimming for members. Children, who pass the blue test, are permitted in the lap lanes and must be swimming laps. Swimmers in the lap lanes must swim continuous laps without stopping so as to not interfere with others sharing the lap lane.

POOL POLICIES

SWIM TEST POLICY: Children under 16 years of age will be swim tested by the guard on duty and will be required to wear the appropriate wristband for the duration of their visit. Testing MUST be done with every visit.

BLUE & YELLOW SWIMMERS: Children under 10 years of age MUST have at least one supervising parent in the pool area at all times at a ratio of one adult to every three children.

RED SWIMMERS: Children shorter than 4 feet, 6 inches must wear a Coast Guard Approved flotation device, and must be supervised by a parent in the water at a ratio of one adult to every two children.

YELLOW WRISTBAND TEST: Yellow swimmers will be asked to enter the pool at the guard chair and swim to the shallow end of the pool using a horizontal swim stroke without stopping or having assistance. Yellow wristband swimmers are not permitted past the 5 foot marker. The Yellow Test must be done without a life jacket.

RED WRISTBAND TEST: All swimmers under 16 years of age who do not pass Blue or Yellow Swim Tests will be issued a Red wristband. Red swimmers MUST wear a life jacket at all times if they are shorter than 4 feet, 6 inches tall. Red swimmers are not permitted past the 4 foot marker.

PLEASE NOTE: Lifeguards may not always be able to give swim tests during busier times.

LIGHTNING AND THUNDER POLICY: The pool and pool deck will be closed and cleared of all members in the event of lightning or thunder, and shall remain closed until 30 minutes after the last sighting.

YMCA Swim Lesson Policies and Procedures

1. The first day of each session is reserved for swim testing and evaluations. All appropriate changes will be made to ensure quality instruction for your child. If you have a question about your child’s swim level after the first day of class, please speak to your child’s instructor.

2. Children will be moved up to the next level once all of the skills in the previous level have been mastered. Many skills in certain levels are dependent on physical development, strength and coordination. Please remember that each child is unique and develops at his or her own rate, and that progression through these levels varies greatly.

3. The Aquatics Department reserves the right to cancel and/or combine classes due to low enrollment.

4. In the event of a pool closure due to weather, sanitary closure, or acts of God, a water safety lesson will be taught outside the pool. Credits, refunds or make ups are not offered in place of safety classes.

5. Participants that withdraw from a swim class for medical reasons will receive a YMCA credit for the remaining classes if the request is accompanied by a doctor’s note. All credits are valid for one year.

6. All program fees are non-refundable.
